

Eastman Chemical Company, Texas Operations

Technical College Scholarship Guidelines

The Eastman Technical College Scholarship is funded through the Educational Aid Budget of Eastman Chemical Company for the purpose of attracting, recruiting and retaining a qualified diverse workforce. Scholarships will pay \$1000 per semester towards tuition and customary fees for two (2) semesters subject to the conditions below. The number of scholarships will be determined each year by Eastman Chemical Company.

ELIGIBILITY

Students must be a graduate of an area accredited high school and enroll in an Eastman Partner Technical College in one of the following **validated** programs: Process Technology, Industrial Maintenance, Instrumentation or Welding. Students will be selected for the scholarship during their senior year with the scholarship beginning the next fall semester. Selection will be based on the following:

- Accuracy and thoroughness in completing the Scholarship Application
- Academic record, at least an overall GPA of 3.0
- Class ranking
- Faculty recommendations (2)
- Citizenship of the United States or a lawful permanent resident who intends to become a US citizen at the earliest opportunity allowed by law
- Interview with Eastman Representatives
- Final review by Eastman Scholarship Selection Team

APPLICATION/SELECTION DATES

Eastman's High School Partnership Teams will provide applications to the targeted High Schools. The deadline for returning completed application packets is January 31st and should be submitted to the appropriate contact on your campus. Announcements of awards will be made in March. The application packet should contain an Eastman scholarship application, two teacher/faculty recommendations, and an official transcript. Late application packets will not be accepted.

PAYMENT

Payments for the scholarship awards will be made by check payable to and sent directly to the recipients' colleges for deposit in the students' accounts. The payments will be made prior to the beginning of each semester.

2nd SEMESTER – To retain second semester scholarship student must:

- Have at least a 2.8 GPA from 1st semester
- Submit first semester transcript to Scholarship Coordinator (without reminders)
- Remain enrolled in degree plan for which the scholarship was awarded

STUDENT EMPLOYMENT OPPORTUNITIES

Eastman Technical College Scholarship students are expected to apply for an internship with Eastman after completing 2 semesters.

(Two faculty recommendation letters and high school transcript must be submitted with application)

TECHNICAL COLLEGE PARTNERSHIPS

July 2016

COLLEGE	PROCESS TECHNOLOGY	INDUSTRIAL MAINTENANCE	INSTRUMENTATION MAINTENANCE	WELDING TECHNOLOGY	POWER PLANT TECHNOLOGY
Kilgore College	Validated	Validated	new (Fall 16)	Validated	NA
TSTC-Marshall	Validated	NA	Validated	X	NA
LA Delta College-Monroe	Validated	X	X	X	NA
TSTC-Waco	NA	Validated	X	X	NA
Tyler Junior College	NA	NA	X	X	Validated
NW LTC-Minden	NA	X	Validated	X	NA

High School scholarships apply only to Eastman validated programs.

Students graduating from Eastman validated programs reach top pay in one year versus the normal 3 years.

NA = No program or do not actively recruit from this program.

X = Program not validated
