3. The parent or the student will be responsible for transportation to and from the District school to which the student is assigned.

INTERDISTRICT TRANSFERS

FDA
(LOCAL)

Authority	<p>The Superintendent is authorized to accept or reject any transfer requests, provided that such action is without regard to race, religion, color, sex, disability, national origin, or ancestral language.</p> <p>A resident senior who becomes a nonresident during the course of a semester shall be permitted to continue in tuition-free attendance for the remainder of the school year. A transfer student who is a senior and who attended District schools in the previous year shall be permitted to attend tuition-free.</p>
Transfer Requests	<p>A nonresident student wishing to transfer into the District shall file an application for transfer each school year with the Superintendent or designee. Transfers shall be granted for one regular school year at a time.</p>
<i>Factors</i>	<p>In approving transfers, the Superintendent or designee shall consider availability of space and instructional staff and the student's disciplinary history, attendance records, and academic records.</p> <p>A student shall not be allowed to transfer into the District if he or she has not performed at or above grade level on the most recent state-mandated assessment and satisfied requirements for all academic courses from the previous school year, except in the case of a student eligible for special education services. Such student's academic records shall be reviewed on an individualized basis, against the student's individualized education program (IEP) and other relevant factors.</p>
Transfer Agreements	<p>A transfer student shall be notified in the written transfer agreement that he or she must follow all rules and regulations of the District. Violation of the terms of the agreement may result in a transfer request not being approved the following year.</p>
Tuition	<p>If the District charges tuition, the amount shall be set by the Board, within statutory limits.</p>
Waivers	<p>The Board may waive tuition for a student based on financial hardship upon written application by the student, parent, or guardian. [See FP]</p>
Nonpayment	<p>The District may initiate withdrawal of students whose tuition payments are delinquent.</p>
Transportation	<p>A nonresident student admitted under this policy shall be responsible for providing his or her own transportation.</p>
Appeals	<p>Any appeals shall be made in accordance with FNG(LOCAL) and GF(LOCAL), as appropriate.</p>

Agreement Between Districts	The board may, by means of a mutual agreement with the board of an adjoining district, transfer any student to the jurisdiction of that adjoining district. All transfers shall be made pursuant to the requirements of Education Code 25.032 through 25.034. The board, together with the board of the adjoining district, shall agree to the transfer of school funds proportionate to the transfer of attendance when such interdistrict transfers are made. <i>Education Code 25.035</i>
Initiated by Student or Parent	Any student, other than a high school graduate, who is under 21 years of age and eligible for enrollment on September 1, may transfer to another Texas district, provided that both the receiving district and the applicant's parent, guardian, or person having lawful control agree in writing to the transfer. <i>Education Code 25.036</i> [See also FD]
Basis for Transfer	The board or its designee must make transfer decisions on an individual basis and may not consider as a factor in arriving at any decision regarding assignments any matter relating to the national origin of the student or the student's ancestral language. <i>Education Code 25.032</i> [See FDAA]
Funding for Transfers	Upon the filing and certification of any transfer, the state per capita apportionment shall transfer with the student. For purposes of computing state allotments to districts eligible under the Foundation School Program, the student's attendance prior to the date of transfer shall be counted by the sending district and the student's attendance after transfer shall be counted by the receiving district. <i>Education Code 25.037</i>
Tuition	The district may charge a tuition fee to the extent that the district's actual expenditure per student in average daily attendance exceeds the sum of state available school fund apportionment benefits transferred to the district under Education Code 25.037. However, unless a tuition fee is prescribed and set out in a transfer agreement prior to its execution by the parties, no increase in tuition charge shall be made for the year of that transfer that exceeds the tuition charge, if any, of the preceding school year. <i>Education Code 25.038</i>
Tuition for Education Outside District	Home districts that do not offer each grade, kindergarten–grade 12, shall pay tuition to the district if they have a contract to educate students in grades not taught in the home district. If the home district has contracted for students to attend another district(s), it shall not be required to pay tuition to any district with which it has not contracted. A contract under this section may not be for a period exceeding five years.

The amount of tuition paid may not exceed the greater of:

1. The amount by which the district's actual expenditure per student in average daily attendance exceeds the sum the district receives from state aid sources, as provided by Education Code 25.037. However, the district may not charge more than the tuition charge for the preceding school year unless a tuition fee is set out in a transfer agreement; or
2. The calculated tuition limit specified by commissioner's rule.

Under the commissioner's rule, tuition charged to the home district for a transfer student in payment for that student's education may not exceed the district's calculated tuition limit. The calculated tuition limit applies only to tuition paid to the district for the education of a student at a grade level not offered in the home district.

The calculated tuition limit is the sum of the excess maintenance and operations (M&O) revenue per enrollee and the excess debt revenue per enrollee as calculated in accordance with 19 Administrative Code 61.1012(b).
